

SRI HARI RUBBER PRODUCTS

MANUFACTURER OF PLASTIC & RUBBER MOULDED COMPONENTS

Company Presentation

Overview

- **Established Excellence:** Founded in 1998 in Maraimalai Nagar, Tamil Nadu, bringing over 25+ years of industrial manufacturing experience. **Quality Standards:** Operating a fully certified IATF 16949 facility specializing in tight-tolerance automotive and industrial plastic components.
- **Scalable Production:** Delivering a robust annual production volume with immediate infrastructure capacity to double output to meet growing partner demands.
- **Human Capital:** Driven by a highly trained, motivated workforce of 20 industrial professionals considered our core asset.

Galaxy S23 Ultra

Strategic Vision & Mission

Vision Statement

“To empower our global automotive clients by delivering zero-defect, world-class engineered products”

Mission Statement

“To establish industry leadership in precision injection moulding through advanced technology, robust quality systems, and sustainable manufacturing practices”

SRP Quality Policy

Customer-Centric Growth:

Cultivating long-term, mutually profitable relationships by thoroughly understanding stakeholder expectations

Operational Excellence: Complete commitment to supplying superior quality products with 100% on-time delivery to guarantee total customer satisfaction.

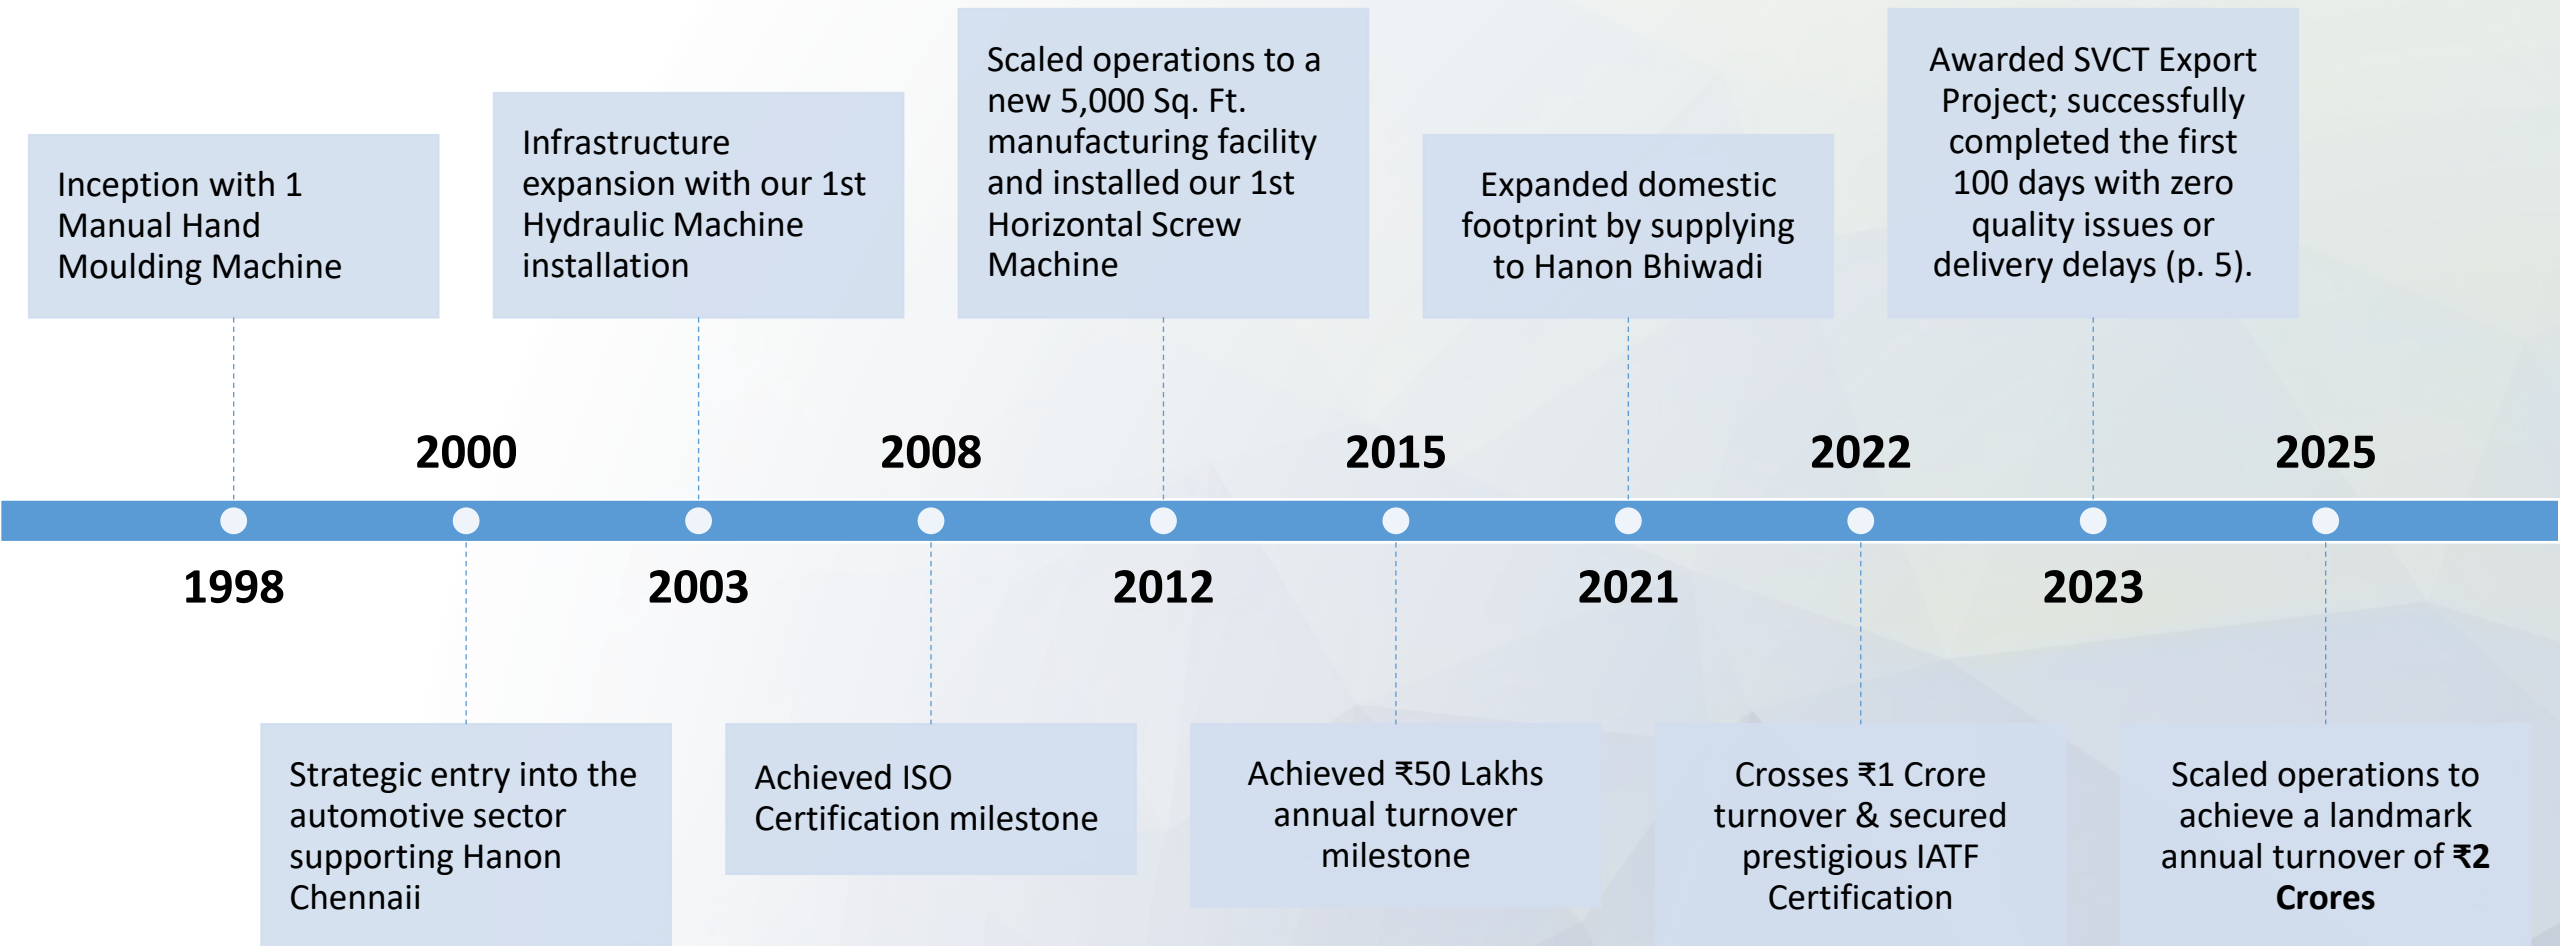

Continuous Evolution: Constantly upgrading our Quality Management System (QMS) by incorporating the latest technologies and manufacturing innovations.

Strict Compliance: Absolute adherence to global statutory requirements and IATF 16949 quality standard protocols.

Milestone Timeline

Production Facility

- Infrastructure: A modern, well-structured 5,000 sq. ft. facility located in Peramanur, Maraimalai Nagar automotive hub.
- Machinery Array: Equipped with automatic screw-type machinery, semi-automatic toggle machines, hand mould systems, and rubber compression presses.
- Engineering Materials (Plastics): LDPE, HDPE, Nylon, Polypropylene (PP), ABS, POM and PVC.
- Engineering Materials (Rubber): Custom-formulated Nitrile-NBR, EPM, EPDM, and Silicone tailored to stringent client specifications.

Technical Infrastructure

Injection Moulding Equipment:

Horizontal Screw IMM: 5 Machines |
Capacity Range: 50 to 120 Tons.

Vertical Screw IMM: 2 Machines |
Capacity Range: 40 Tons.

Technical Specifications:

Maximum Shot Capacity: 190 grams

Maximum Tool Envelope: 420 x 420 x
520 mm

Total Annual Plant Capacity: 30 Million
Parts

Range of Products

Injection Moulding components –Shipping Caps

Raw Materials– LDPE, PPCP, PVC, TPE

VOLKSWAGEN SHIPPING CAP

RM – PPCP,LDPE

MSIL SHIPPING CAP

RM – LDPE

SVCT & BCAR EXPORT CAP KOREA

RM – TPE, PVC,LDPE

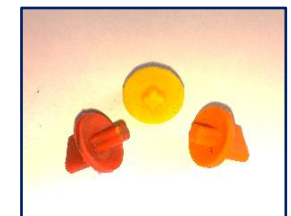

Injection Moulding components – Coloured Caps

Raw Materials- Nylon, PP, HDPE, LDPE

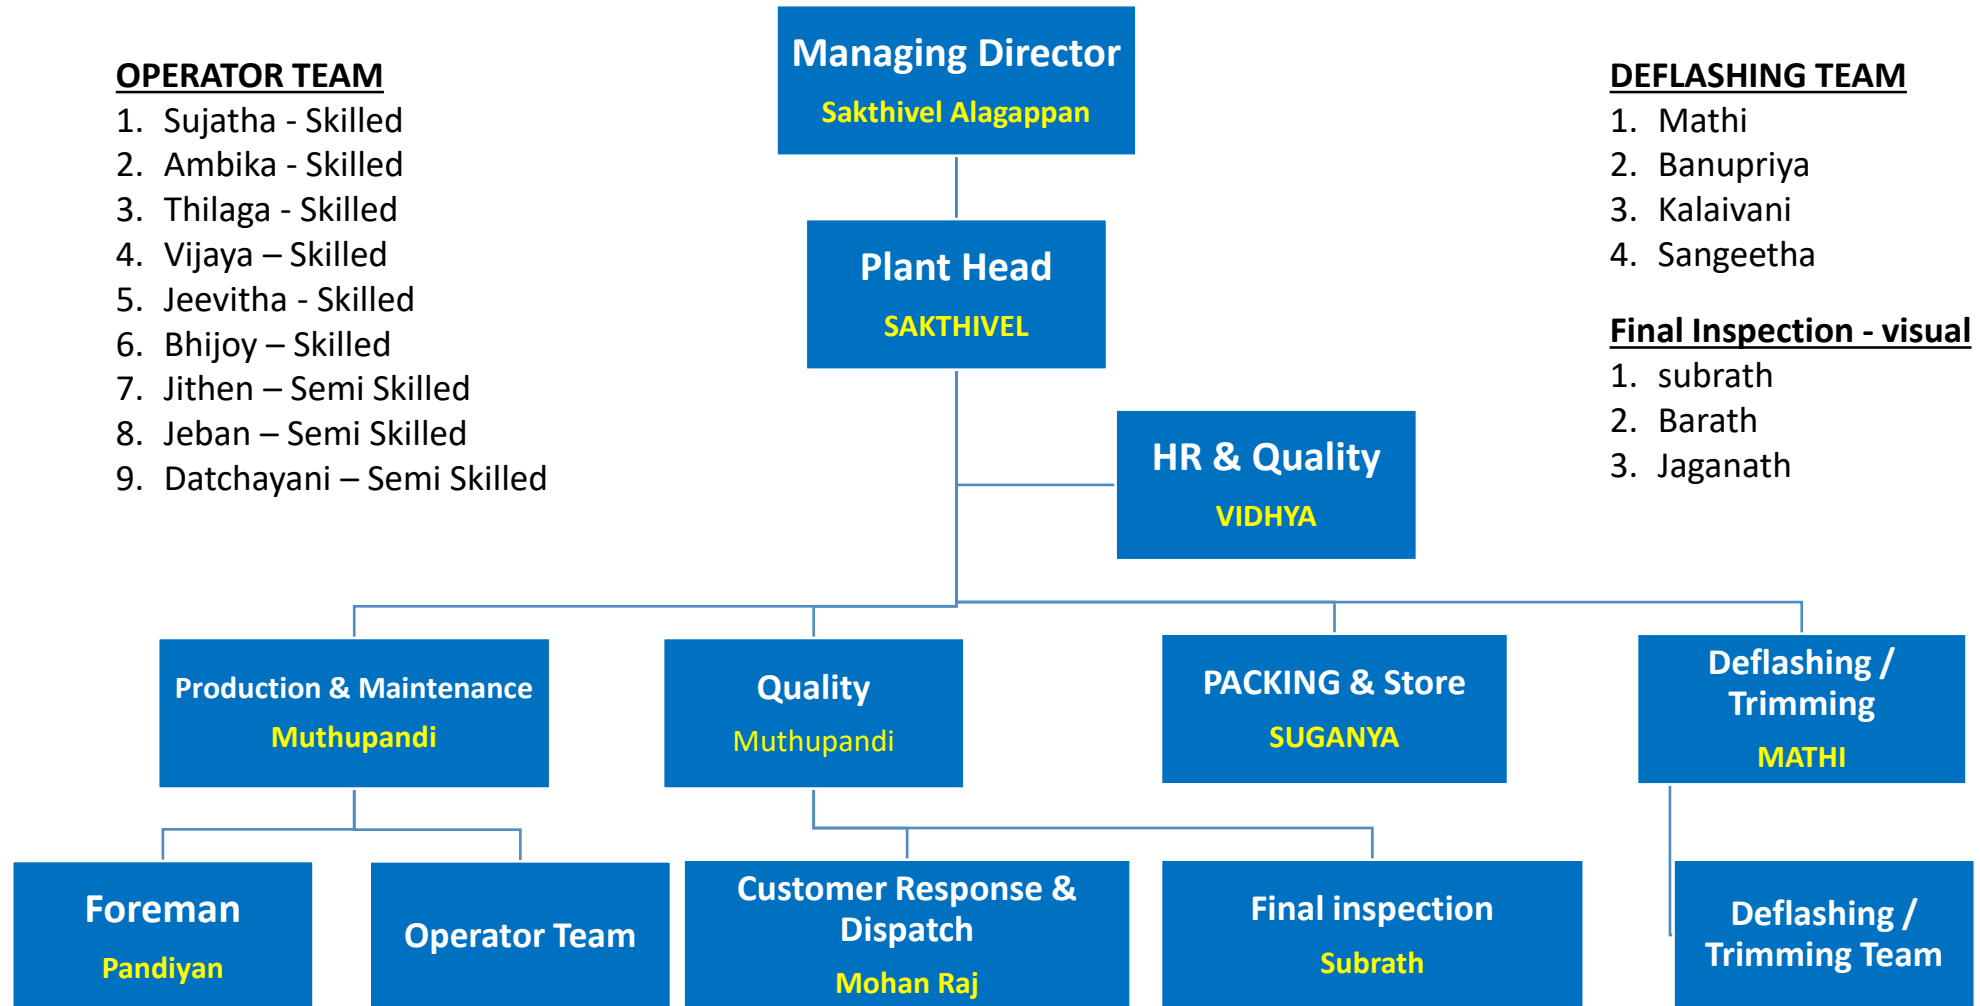

Rubber Moulded Components – Bumpers, Inserts, Mask

Raw Materials– Nitrile NBR, Silicon, EPDM, EPM

SRP ORGANISATIONAL CHART

Total Employee Strength - 20

SRP Customers

Automotive Customers – Major Business

- Hanon Systems India Pvt Ltd. Chennai & Pune
- Hanon Climate Control System, Bhiwadi
- Wonjin Autoparts India Pvt. Ltd.

Non Automotive Customers – Very Low Business

- VK Industries
- Precise Lapping Solution
- Avadh Rail Infra Ltd.

End-User Applications

Core Text: Our high-precision components are fully validated and seamlessly integrated into the assembly lines of major global vehicle manufacturers, including Mahindra, Maruti Suzuki, Hyundai, Kia, Volkswagen, and Ford

Global Footprint: Proudly supporting Tier-1 clients in exporting finished assemblies directly to highly competitive automotive markets across South Korea and Europe .

CERTIFICATE

Certificate Registration No.: **12 111 67381 TMS** / IATF Certificate No.: **0509951**

IATF USI: **35MEK6**

The Certification Body
of TÜV SÜD Management Service GmbH

certifies that the organization

SRI HARI RUBBER PRODUCTS

PLOT NO-2, SURVEY NO 26/1C, THIRUKATCHUR MAIN ROAD,
PERAMANUR, MARAIMALAI NAGAR,
CHENGALPATTU DISTRICT - 603209, TAMIL NADU
INDIA

for the scope

MANUFACTURE OF PLASTIC INJECTION MOULDED COMPONENTS
(without Product Design as per Chapter 8.3)

has established and applies a Quality Management System.

An audit was performed and has furnished proof
that the requirements according to

IATF 16949
First Edition 2016-10-01

are fulfilled.

Issue date: **2024-04-08**

Expiry date: **2027-04-07**
